

## CNY Heritage Interest Form

CLRC has a longstanding tradition of supporting resource-sharing to bridge gaps in access to information. Since CLRC was established in 1967, it has coordinated or implemented the regional Union List of Serials, interlibrary loan, delivery services, and Union Catalogs including a virtual Regional Catalog and web information services. The CNY Heritage project seeks to continue the CLRC philosophy of resource-sharing to include digitization of significant resources held within the region.

The primary goal for digitization projects sponsored by CLRC is enhanced access for the people of the region to digital resources created from collections in Central New York's libraries, archives and museums. CNY Heritage seeks collections that have regional and historical interest to the Central New York community, especially the CLRC region: Onondaga, Oneida, Madison and Herkimer counties.

Participation in the project will be limited to CLRC members or members of CLRC members only. CLRC particularly welcomes cultural heritage organizations that are eligible for the Documentary Heritage Program. Organizations wishing to become Council members in order to participate in CNY Heritage should contact CLRC administration. All materials included in the pilot project, and any additional projects, must be fully accessible to the public.
